

Performer Massage Crew Description

This crew is made up of professional massage therapists and practitioners.

We are primarily 'Self-Recruiting' but will definitely entertain any suitable applicants.

During the festival we are responsible for providing back stage massage to the Performers/Musicians.

We would like any Volunteer Applicants to be:

- Friendly
- Outgoing
- Skilled
- Certified in some kind of massage training,
- Motivated to work hard
- Flexible in their weekend schedule
- Able to conduct themselves in a professional manner (very important!).

Our working environment is one of the best onsite - shaded, cozy and with the added bonus of being able to work while listening to the Mainstage performers.
